V7 PROFESSIONAL HD WEBCAM 720P

Sharing, socializing, connecting with the people you care about or work with – that's what makes a webcam special. The V7 Professional HD Webcam 720P is about providing you a personal connecting experience in a better, brighter and seamless way. Some key features of the V7 Professional HD Webcam 720p include one key touch for video recording, high-resolution snapshots up to 12 megapixels with software enhancement, easily captured HD video with just one click, and a built-in mic that gives you clear conversation without background noise. This is a sleek, black camera that is solidly built and comes with the non-traditional connecting mechanism for mounting on your laptop or as a stand-alone feature. It also links in with any software such as Skype client and Live Movie Maker ready to use. The V7 Professional HD Webcam 720p is an inexpensive solution for computers that do not come with a built-in camera.
